# Reporte de Donatarias Autorizadas 2017.

El presente documento se publica en la página de Internet de la Secretaría de Hacienda y Crédito Público y se entrega a las Comisiones de Hacienda y Crédito Público, de Presupuesto y Cuenta Pública, y al Centro de Estudios de las Finanzas Públicas de la Cámara de Diputados, así como a la Comisión de Hacienda y Crédito Público de la Cámara de Senadores. Lo anterior en cumplimiento del cuarto párrafo del artículo 30 de la Ley de Ingresos de la Federación para el Ejercicio Fiscal 2017, el cual establece que la Secretaría debe entregar a estas instancias a más tardar el 30 de septiembre de 2017, un reporte de donatarias autorizadas en el que se señale, para cada una, los montos de los donativos obtenidos en efectivo y en especie, así como los recibidos del extranjero, las Entidades Federativas en que se ubiquen y su clasificación por tipo de donataria.

Para la elaboración de este reporte se utiliza la información presentada por las donatarias autorizadas en la declaración del ejercicio de las personas morales con fines no lucrativos (formato 21). En particular se considera la información de los donativos recibidos que reportan los contribuyentes para el ejercicio fiscal de 2016, considerando las declaraciones presentadas al 15 de agosto de 2017.

En los casos en que las donatarias presentan más de una declaración utilizando el formato 21, la información que se reporta en el documento corresponde a la presentada en su última declaración, incluso cuando ésta no presente información de los donativos recibidos.

El reporte incluye los montos de donativos recibidos por las donatarias autorizadas conforme al Título III de la Ley del Impuesto sobre la Renta (LISR). Los montos reportados corresponden a los presentados por los contribuyentes en el formato fiscal citado, como donativos en efectivo o en especie, nacionales o del extranjero.

No necesariamente existe simetría entre los donativos recibidos por las donatarias autorizadas y la cantidad efectivamente deducida por parte de quienes efectúan los donativos. Por ejemplo, en ocasiones los donativos no son deducidos por los contribuyentes, incluso cuando se han emitido los comprobantes necesarios para ello, como en el caso de los donativos realizados por asalariados que no están obligados a presentar la declaración anual y que optan por no presentarla.

Asimismo, debido a que a partir de 2008 se limitó la deducción de donativos a un máximo equivalente a 7% de la utilidad fiscal del contribuyente en el ejercicio anterior, en el caso de personas morales, o bien 7% de los ingresos acumulables de las personas físicas que sirvan de base para calcular el impuesto sobre la renta del contribuyente en el ejercicio inmediato anterior en el que se efectúa la deducción, es posible que la información de los donativos recibidos no sea equivalente a la de los donativos deducidos.

Con el fin de mantener la autorización para recibir donativos deducibles, las donatarias autorizadas deben cumplir con una serie de obligaciones, incluida la de poner a disposición del público en general periódicamente información a través de la aplicación electrónica que para tales efectos estableció el Servicio de Administración Tributaria.

En el Anexo 14 de la Resolución Miscelánea Fiscal para 2016 (Diario Oficial de la Federación del 12 de enero de 2016) y en la página de Internet del Servicio de Administración Tributaria, se publicó la lista de las donatarias cuya autorización perdió vigencia en 2016 por el incumplimiento de obligaciones del ejercicio fiscal 2014. En particular, en el citado anexo se presenta la relación de donatarias que incumplieron con alguna de las siguientes obligaciones fiscales: presentación de la declaración anual de las personas morales con fines no lucrativos (formato 21) o de la información para garantizar la transparencia.
